MEMORANDUM

TO: J. Lee Rankin

Attention: Mr. Howard P. Willens

7 April 1964

FROM: Edward A. Conroy
John J. O'Brien

SUBJECT: Lee Harvey Oswald

A review of the actual time records covering Oswald's employment at Jaggars-Chiles-Stovall, Inc. shows that on numerous dates Oswald worked on photographic jobs for "Sam Bloom."

A "Sam Bloom" operates a public relations and advertising business in Dallas and the "Sam Bloom" agency handled advance publicity in Dallas in connection with President Kennedy's visit. It would seem that either Mr. Bloom or a member of his staff would have had contact with Jaggars-Chiles-Stovall, Inc., and possibly with Oswald in connection with the photographic work.

Although Oswald's employment at Jaggars-Chiles-Stovall, Inc. was terminated on April 6, 1963, it is probable that his association with that company may have provided him with an acquaintance in the "Sam Bloom" agency. If Oswald had such an acquaintance, there exists a possibility that he could have used this individual as a means of obtaining advance information on the President's trip to Dallas.

In connection with the work Oswald was doing at Jaggars-Chiles-Stovall, Inc., for the "Sam Bloom" agency, it is noted that in a period of approximately ten weeks Oswald worked on "Sam Bloom" assignments on 60 different days.
